

Kennedy Disease Patient Day 2022

Sunday 10 July 2022

**Free
Event**

The Event

Kennedy Disease UK, and UCL, are jointly hosting a patient day at The Army & Navy Club, Pall Mall, London on Sunday 10 July 2022. The event will coincide with the Kennedy Disease UK Citroen 2CV passing through London on its epic fundraising journey from Los Angeles to Rome.

Kennedy Disease sufferers, Kennedy Disease Carriers, partners, and friends/family are all encouraged to attend the event.

Why You Should Join Us

The purpose of the event is to create an opportunity for UK sufferers and their families to meet up and be brought up to date on both current treatments and the the latest research into finding a cure for the illness.

Event Cost

The event, including a three-course lunch, will be free for diagnosed sufferers and carriers.

The cost for partners and friends/family is £60 per head.

Dress Code

The dress code for the event is smart casual. Please note that the Army & Club does not allow jeans, trainers, or collarless T-Shirts.

Accessibility

The club has disabled access. The lift to the first-floor function rooms can comfortably accommodate wheelchairs and buggies. All Attendees are encouraged to take a Covid lateral flow test prior to participating in this event.

Accommodation

The event timings should make it possible for most people to travel to/from London on the day but if you want to make a weekend of it the Army & Navy Club is able to offer accommodation to attendees on the Saturday night. The very reasonable club rates for central London are £145 for a standard twin/double room and £160 for a premier twin/double room.

There are two wheelchair rooms that can be booked on a first come first serve basis. The price of the room includes continental breakfast. The club has a disabled access garage and spaces can be booked in advance at a cost of £28 for a day.

Rooms and parking can be booked directly with the **Army & Navy Club on 0207 930 9721**. A number of rooms have already been reserved by the KD-UK trustee Kim Slowe and you may need to quote his club membership number of 19579 for them to find the reservation.
